

## About the Author

Sonia Blizzard is the Managing Director of Beaming – a company that provides secure internet connectivity and data back-up services to a number of businesses across the UK. Coming from a corporate background in the telecoms industry, Sonia worked for a firm which is now known as BT Global Services, setting up Beaming in 2004. The company bridges the gap between actual business needs and IT; specifically the broadband and telephone connectivity that's vital for running a business day to day.
